

Historic Half Marathon/5K

The Historic Half Marathon/5K is KRRRA's premier event of the year. Several hundred runners participate in both distances starting together. Chip timing is provided by Sportstats. The race course takes all runners north and east, over the causeway, looping through the RMC grounds and back along Ontario St. The 5K runners finish in front of City Hall, while the half marathoners stay left and continue west along the waterfront path, past the old Kingston Pen, through Portsmouth Village and Lake Ontario Park, runners continue west along King St. W. and Front Rd. until the turnaround just past the centre entrance to Dupont Canada. Runners retrace their steps to an exciting finish right at City Hall.
